

Tap into the World's Largest Oil Producer

Russia at a glance

Russia is the world's largest country spread over vast areas in Europe and Asia with the access to the Atlantic, Pacific and Arctic oceans. It covers nine time zones and shares more than 20,000 km of common border with other states. Russia is also the world's largest oil producer and second largest in natural gas. In September 1995 FMG was one of the earliest fund companies to launch a Russia fund.

Fund Description

The Russian Federation First Mercantile Fund offers investors access primarily to the Russian stock market, with some exposure to other markets in the CIS. The investment objective is to achieve long term capital appreciation utilizing concentrated sectors and portfolio strategy. The fund invests mainly in

companies with short and long term profit opportunities benefiting from export, domestic consumption and investments within Russia and CIS countries. Fundamental analysis is utilized to source attractively priced companies with significant growth potential. Quantitative analysis may be used from time to time

as a portfolio allocation tool. The fund may invest in a wide range of industry sectors and in various market capitalization companies. Fund liquidity is an integral risk management element. The opportunistic and concentrated nature of the portfolio targets investors with a higher risk-reward return profile.
